

LONGDON BROWNIES

What exciting opportunities should a girl experience as a Brownie? As each Brownie progresses through her Brownie Adventure, she should experience:

- Activities and events outside her normal meeting place and further afield
- activities or events with Brownies from other units or girls from other sections
- a lot of fun and friendship – a variety of crafts, games and challenges
- a balanced range of activities – plus suggestions/ideas from the girls
- residential opportunities such as Brownie sleepovers, camps and holidays
- interest badges, tackling these on her own and with others
- opportunities for personal development
- if possible, the chance to be a Brownie Buddy, Second or Sixer
- recognition of achievement with instant rewards.
